

WHY DESKTOP PRINTERS?

THE PRINTING EXPERIENCE YOU NEED FROM THE BRAND YOU CAN TRUST.

Canon's business-oriented A4 desktop printers and multifunction devices allow employees to seamlessly print and scan documents, whether they're working in the office, at home, or in hybrid environments. With reliable performance, intuitive operation, and advanced features, Canon solutions are built to help support today's evolving workplace.

A RESPONSIBLE WAY TO WORK

Canon technologies and solutions deliver value to organizations through integrated workflow support, advanced control, brilliant performance, and a low-impact design. By working together, Canon can help you improve your business operations.

- Supports certain compatible mobile solutions for printing and scanning.
- Allows scanning to various destinations.
- Delivers quick first-print-out times.
- Offers a unique, customized device experience with Application Library.
- Scans directly to third-party applications such as Dropbox, Google Drive™, Box, Microsoft OneDrive®/OneDrive® for Business, Microsoft Teams, and Evernote® via uniFLOW Online which helps enhance security during scanning.

- Helps reduce the risk of confidential information loss, since documents are only stored in short-term memory.
- Security settings exportable through imageWARE Enterprise Management Console DCM.
- Secure print management features.
- Administrator control.
- Department-level tracking.
- Verify System at Startup is a process to help verify the validity of the device firmware and Application Library from unauthorized modifications.

- Leverage optional uniFLOW or uniFLOW Online for full accounting and reporting for Canon and third-party devices, pull printing, and job routing.
- Service parts are designed for machine's life cycle to help minimize the need for maintenance and potentially help reduce service calls.
- High-capacity, all-in-one cartridges help minimize overall supply costs.

- Designed for quick, easy deployment.
- Remote diagnostics for rapid service response.
- Easily monitor device status and consumable levels, observe meter readings, manage settings, and implement security settings.

- Canon's signature reliability and engine technologies help keep productivity high and minimize impact on support resources.
- Designed to achieve maximum uptime; status notifications help you keep supplies replenished.
- Intuitive animations for common tasks like consumables replacement.

- EPEAT® and ENERGY STAR® certified.*
- Encourages environmentally conscious work practices by enabling multiple settings that can help save paper and energy.
- A combination of fusing technologies and low-melting-point toner minimizes power requirements and helps achieve lower energy consumption.

* For the latest EPEAT ratings (Gold/Silver/Bronze), please visit epeat.net.

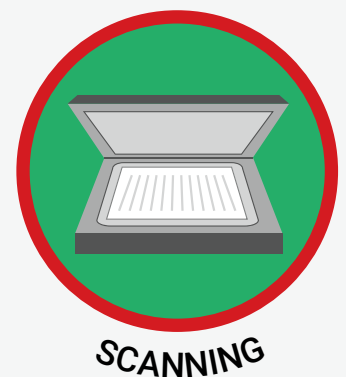

NOTE: Some features vary by model. Refer to product brochures for more details.

CANON DESKTOP PRINTERS AND uniFLOW

Integration with optional uniFLOW or uniFLOW Online allows employees to seamlessly print and scan documents, whether they're working from a home office, a corporate office, or a combination of both. This approach can help maximize the value of printers and multifunction devices within your organization.

Organizations and administrators can benefit from enhanced security, detailed reporting, and potential cost savings with comprehensive tracking and management. The end result—a print and scan infrastructure that's flexible, has more security controls, and is built for the future of work.
